SUNBEAM SAMANVAY

"Disagreement is where dialogue begins"

ABOUT SAMANVAY

Samanvay is a Youth Parliament and Model United Nations conference hosted by Sunbeam School, Samneghat. Its inaugural edition brings together students to discuss public issues, question established ideas, and take part in the kind of conversations that matter. Through parliamentary debate and international diplomacy, delegates will have the opportunity to put their arguments to the test, listen to opposing views, and understand the complexities behind the decisions that shape our world.

WHAT SUNBEAM SAMANVAY STANDS FOR?

01

BUILDING ARGUMENTS

Building arguments through research, facts, and a clear understanding of the issues.

02

PARLIAMENTARY & DIPLOMATIC ENGAGEMENT

Experiencing the workings of legislative debate and international negotiations.

03

A SPACE FOR DIALOGUE

Bringing together students with different viewpoints and encouraging them to engage, question, and respond.

"Bring your strongest argument, not your loudest voice."

ABOUT THE HOST

Sunbeam Academy, Samneghat was established in 1998 by Mr. Jagdeep Madhok in the memory of his father, Late Dr. Amrit Lal Ishrat , Sunbeam Academy, Samneghat, was founded with a vision of providing quality education and fostering the all-round development of students.

Guided by the belief that education extends beyond academic achievement, the institution encourages students to develop independent thinking, strong values, and a sense of responsibility. Under the guidance of its educators and Principal Mrs. Shashwati Sharma, Sunbeam strives to create an environment where students can explore their abilities, build confidence, and grow into thoughtful individuals.

The school's academic and administrative culture places importance on discipline, student participation, and the close involvement of teachers in a student's learning journey. From classroom discussions to cultural and co-curricular activities, students are encouraged to take initiative, express themselves, and learn through experience.

As the host of Sunbeam Samanvay, Sunbeam Academy brings this spirit of learning to a platform where students can engage in debate, exchange perspectives, and experience the workings of parliamentary and international diplomacy.

YOUTH PARLIAMENT & MODEL UNITED NATIONS CONFERENCE

A NOTE FROM THE SUNBEAM FAMILY

To all our esteemed delegates, executive board members of the Sunbeam Samanvay Model United Nations & Youth Parliament,

As we count down the days to our inaugural offline edition this January 2027 at Sunbeam SamneGhat, we want to take a moment to reflect on what this gathering truly represents.

Sunbeam Samanvay is not merely a conference; it is a convergence of young minds, passionate voices, and future changemakers. Whether you are stepping up to the podium to debate complex international policies, negotiating resolutions in committee, or capturing the pulse of the debates as part of the press, you carry the spirit of dialogue, diplomacy, and democratic inquiry.

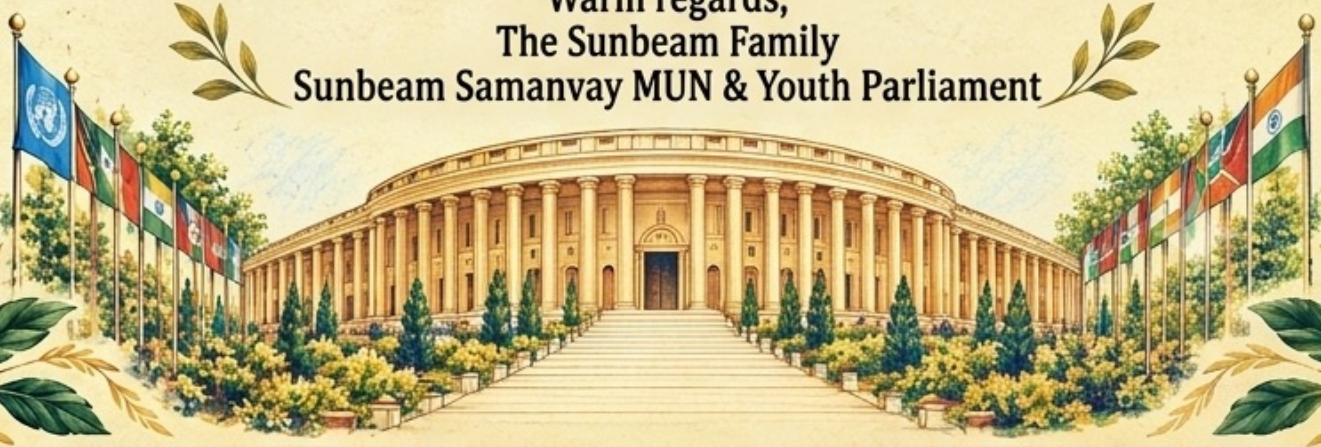

"रुक गए तो औरों का कदम बन जाओ,
जो थक गए तो राह का दीया बन जाओ।"

Inspired by the spirit of resilience and leadership

As you prepare for the conference, embrace the discourse by stepping into your portfolios with curiosity and conviction, listening as fiercely as you speak because true diplomacy is born at the intersection of diverse perspectives. Beyond the resolutions and points of order, remember that Samanvay is about connection, giving you the chance to share ideas, build camaraderie, and make memories that will outlast the committee sessions. Keep in mind that the arguments you shape and the solutions you draft today are reflections of the visionary leadership the world needs tomorrow.

The entire Sunbeam family is immensely proud of the dedication, energy, and rigorous preparation you bring to this platform. We are counting down the days to welcome you to an unforgettable experience of debate, deliberation, and diplomacy, and we look forward to witnessing history unfold through your voices.

Warm regards,
The Sunbeam Family
